GOWTHAM R

UI/UX DESIGNER | SOCIAL MEDIA & CONTENT | AI/PROMPT ENGINEERING

Chennai, Tamil Nadu, India | +91 70929 38944 | gowthamrudhrappan@gmail.com
LinkedIn | GitHub | Behance Portfolio

PROFESSIONAL SUMMARY

Versatile UI/UX designer and content creator with a B.Tech in Information Technology and hands-on experience across social media management, UI/UX design, Machine Learning, and AI/Prompt Engineering. Currently manage social media and creative content for a real estate brand — Instagram, Facebook, Threads, and LinkedIn — producing posters, ad creatives, and AI-generated reels. Skilled in designing user-centered interfaces in Figma, building ML models with Python and Scikit-learn, and crafting effective prompts for ChatGPT, Gemini, Claude, and DALL-E. Adaptable, fast learner, comfortable working across design, technical, and AI-driven workflows.

CORE SKILLS

Social Media & Content: Instagram, Facebook, Threads & LinkedIn management; poster design; ad creatives; AI-generated reels; content calendars

Design Tools: Figma, Adobe XD, Photoshop, Canva, Illustrator, Sketch

Design Skills: User Research, Wireframing & Prototyping, Interaction Design, Usability Testing, Design Systems

AI / Prompt Engineering: Prompt design for ChatGPT, Google Gemini, Claude, DALL·E; prompt iteration & refinement; AI-assisted content workflows

Programming: Python, Java, HTML, CSS, JavaScript, SQL, Streamlit

Machine Learning: Scikit-learn, Data Preprocessing, Model Training & Evaluation

Other: Git, GitHub, Training & Curriculum Delivery

EXPERIENCE

Social Media Manager | PKR Estates LLP — Jul 2026 – Present

- Manage Instagram, Facebook, Threads & LinkedIn pages for real estate lead generation.
- Create content and creative posters, AI-generated reels, ad posters, and LinkedIn content posters.

UI/UX Trainer | Brand Monk Academy — Apr 2026 – Jul 2026

- Trained students on UI/UX design principles, tools, and workflows; applied prompt engineering and GenAI tools (ChatGPT, Gemini, Claude, DALL-E) to build training content and visual materials.
- Built a corporate training proposal for an "AI for Vibe Coding" program covering Cursor AI, Bolt.new, Lovable, Replit AI, and v0.dev.

Machine Learning Intern | VCodez — Sep 2025 – Dec 2025

- Assisted in developing and optimizing ML models; worked on data preprocessing, model training, and evaluation using Python and Scikit-learn.

UI/UX Designer Intern | BICS Global, Chennai — Jul 2024 – Aug 2024

- Designed wireframes, mockups, and high-fidelity prototypes in Figma; collaborated with developers to refine user flows and ensure accessible design implementation.

PROJECTS

Smart Laundry App — UI/UX Case Study | Self Project (Figma)

- Designed a laundry service app with easy booking, real-time tracking, and seamless scheduling; focused on user flow and visual hierarchy.

PivotPath — AI Career Transition Advisor | Machine Learning Project

- Built an AI-based system recommending career roles and predicting salary outcomes from user skill data, identifying skill gaps and guiding next steps.

EDUCATION

B.Tech, Information Technology — CGPA: 8.5/10
Anna University, GTJEC, Vellore | 2022 – 2025

Diploma, Electronics & Communication Engineering — 92%
Rajagopal Polytechnic College, Gudiyattam | 2019 – 2022

CERTIFICATIONS

Python – Besant Technologies | Java Programming – Anudip Foundation | UI/UX Design – Tutedude
